

SMARTCAP®

**FORGED IN AFRICA.
MADE FOR
PLANET
EARTH.**

Forged in Africa. Built by you.

SmartCap® was formed out of the rugged terrain of Africa. Every inch was built to withstand the twisting and jostling of offroad trails. To be watertight during torrential flash floods and dust-tight over thousands of miles driving through the bush—the African elements seeping into everything they encounter. Everything that is, but the SmartCap.

THE WORLD'S FIRST MODULAR TRUCK CAP SYSTEM.

SmartCap® is the world's first modular truck cap system. From its 5-piece stainless steel design to its seamlessly integrated Components, SmartCap lets you build and organize your truck bed exactly how you want it. But that's just where the benefits of this revolutionary design begin.

The SmartCap® Bed Replacement System is built to take heavy-duty abuse while still delivering the ultimate in truck bed organization. From the frame up, its design maximizes space with a drawer and bins for containing your stuff.

Drop Sides: Put them up for truck bed containment, drop them down for flat-bed loading.

Flat Bed: The Flat Bed comes with built-in bins and heavy-duty slider drawer that can handle heavy loads.

Get To It

SmartCap XL's massive side doors let you access the entire truck bed.

Maximum Storage

The Flat Bed comes with built-in bins and a heavy-duty slider drawer.

Hang It & Go

Mount your gear on the SmartCap XL's universal mounting brackets.

Mount Up

Mount just about anything on top of the integrated Universal Roof Rails.

Drawer-Bin: Organize and safely store tools and equipment.

Rack 'em Up.

ROLLER RACK

Whether you're a contractor, overlander, or weekend warrior looking to mount cargo on top of your SmartCap, we have several different rack options to choose from.

Roller Rack Whether hoisting up a ladder, kayak or anything in-between, integrated rollers make loading and unloading a snap.

Drop Rack

When it comes to loading and unloading your cargo, Drop Rack's drop-down platform with Load Assist is like having an extra set of hands. (Driver's side only.)

Load Bar Kit

Compact, lightweight roof rack solution for mounting rooftop tents, kayaks, bikes — you name it.

Platform Rack

Creates a large surface with t-slots that provide practically infinite tie-down points to secure your cargo.

Other Components.

Fiberglass Caps and Tonneau covers are designed to protect your cargo, but they don't do much to help you better access and organize it. With SmartCap, we set out to build a smarter truck bed. One that protects, but also lets you build your truck bed to fit your life.

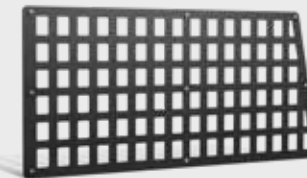

StowAway Table

The StowAway is a pop-up table that stores conveniently on the interior roof of your SmartCap.

Flame BBQ/Fire Pit

The Flame packs flat in a compact heavy-duty carrying case until you're ready to pull it out and fire it up!

MOLLE Panel

Optional MOLLE Panels integrate into the Gullwing doors of an EVOc for mounting tools and other cargo.

Torch LED Light

Magnetically mounts to shed 500 lumens of light right where you need it.

Security Screen*

The Security Screen adds an extra layer of protection for all SmartCap models.

*Security screen shown in white for photo demonstration purposes only. Actual screen is black.
