

SMARTCAP[®] EVO

Toyota Tundra Edition | Part #: EV1300-MB (5'5" Bed) & EV1301-MB (6'5" Bed)

THE WORLD'S FIRST MODULAR DESIGNED TRUCK CAP SYSTEM

Forged from steel (not fiberglass)... it could be correctly said it's built like a truck, not a boat. But this bruiser is more than brawn my friend. From its 5-piece modular stainless steel construction, to the sleek bonded glass, to the large Gullwing Door openings, Universal Roof Rails, Sliding Vent Windows, Positive Pressure Air Vent, oh and that cool little Cargo Light Portal Window* that lets light into the cap...it's safe to say the SmartCap is in a league of its own.

* Full-size Applications Only
